2. PRAY

In today's Gospel, John shares with us that LOVE is the greatest commandment of them all.

As you step into prayer, go to a place where you are comfortable having a conversation with Jesus.

Think of people who have shown you what love is and pray for them. For each person, give thanks to God for them and tell Him why you are thankful for them.

3. TALK

- Challenge of the week: Is there someone in your life who you find hard to express your love? Send them a text or call them. Express your love for them.
- Share the experience of this challenge with those in your home or a close friend.
- To celebrate Mother's Day, as a family, invite each person to share what mother Mary's love means for them. Together, pray a rosary in honor of the mothers of the family and for all mothers of the world.
